MARCH 29 - APRIL 5 2008

A very short week in your beautiful property was not long enough! Everything was wonderful and more than any other property we have stayed at. We hope to come back again. We did a lot of fishing off the dock and caught 2 string rays. Had to cut the line on those. There's a bunch of catfish, watch out for the barbs and also caught a ladyfish. We saw a bald eagle land in the tree next door and also a dolphin swim down the canal. Well it's back to Columbus Ohio, we'll miss this place.

THANKS!
